

Instructions for Accessing LearnPro Modules

The following are the instructions for accessing the NES Psychological Intervention Team Modules, including Motivational Interviewing, Trauma, and the Co-Occurring Substance Misuse and Mental Health Modules.

NHS Users

- Login to <http://nhs.learnprouk.com> with your usual username and password OR register a new account if you don't already have one.
- Look for the “My Learning” Section.
- In the Search box, search for the course that you would like to find. The following are some of the NES Psychological Interventions Team courses that you might be interested in:
 - NES: Core Skills
 - NES/Lothian: Motivational Interviewing
 - NES Psych: Co-Occurring Substance and Mental Health
 - NES Psych: Introduction to Trauma
 - NES Psych: Introduction to CBT for Anxiety
 - NES Psych: Emotion Matters
- Click once on “Select” for the course you would like to open. At this point, you will have the option to click on “Launch”, or for those courses with multiple sections, click on “Modules” and then “Launch” the module you would like to open.
- Once you click “Launch”, you’ll have the choice of “Launching” either the module or the assessment.
- To view and print off a certificate listing the modules you have completed, return to your “Home Page” and click on “Certificate.” A page will list all of your successfully completed assessment which can be printed off easily.

Community Users

- Login to <http://community.learnprouk.com> with your usual details.
- If you haven't registered for the community site before, request an activation code using the button on the first page of the site.
- Once you've got your activation code, register an account and log in.
- Look for the “My Learning” Section.
- In the Search box, search for the course that you would like to find. The following are some of the NES Psychological Interventions Team courses that you might be interested in:
 - NES: Core Skills
 - NES/Lothian: Motivational Interviewing
 - NES Psych: Co-Occurring Substance and Mental Health
 - NES Psych: Introduction to Trauma
 - NES Psych: Introduction to CBT for Anxiety
 - NES Psych: Emotion Matters
- Click once on “Select” for the course you would like to open. At this point, you will have the option to click on “Launch”, or for those courses with multiple

sections, to click on “Modules” and then “Launch” the module you would like to open.

- Once you click “Launch”, you’ll have the choice of “Launching” either the module or the assessment.
- To view and print off a certificate listing the modules you have completed, return to your “Home Page” and click on “Certificate.” A page will list all of your successfully completed assessment which can be printed off easily.
